

Task 1: Remove Background Quick Action (Sneaker or Watch)

Task 2: Refine Hair Using Select and Mask

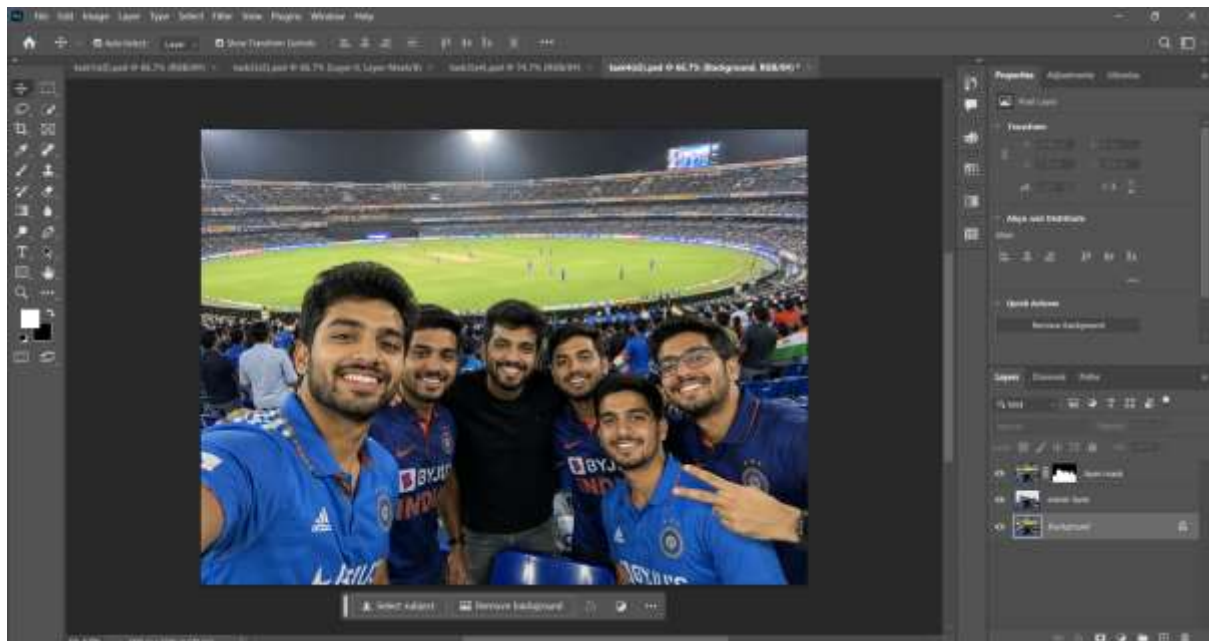

Task 3: Replace Food Background Using Layer Mask

Task 4: Compare Eraser Tool vs Layer Mask

Write These 3 Lines

- Layer Mask provided greater flexibility because hidden areas could be restored at any time.
- The Eraser Tool permanently removed pixels, making corrections difficult.
- Layer Masks support non-destructive editing and are therefore the preferred professional method.

Task 5: Clean Messy Edges Using Brush Tool and Refine Edge
